Short Courses

Level 2 Certificate in Fundamental Inspection, Testing & Initial Verification
City & Guilds 2392-10

Course Duration

4 Days 8:15 to 16.45
Additional attendance will be required for a closed book 1½ hour on-line examination and a practical assessment, by arrangement with the Centre.

Course Objectives

The course will provide knowledge and practice on the requirements for inspection and testing initial verification of electrical circuits.
It is designed to prepare candidates for achievement of a Level 2 qualification, and if required, to prepare them to progress to the full Level 3 Inspection, Testing and Certification qualification
C & G 2392-20.

Course Content

Content to follow the C & G 2392-10 syllabus to include:-
General requirements
Initial verification
Inspection and testing
Test instruments
Practical inspection assessment to demonstrate the ability to identify departures and compliance with BS7671 for completion of initial Inspection and Testing Certification as detailed in Guidance Note 3.

Who should attend?

All electrical practitioners, contractors and allied trades working to building regulations who are required to meet initial verification of electrical circuits and require the principles of Inspection & Testing for compliance with BS7671.
It is not mandatory to hold the current C & G 2382-10 IET Wiring Regulations BS7671 17th Edition, but it is strongly recommended.

Venue

EAGIT Training Centre

Course Dates

10th January 2011
4th April 2011
13th June 2011

Examination Dates

Final day of the course.
1½ hours, GOLA (Global On- line Assessment) multiple choice assessment of 50 questions

Costs

£699.00 + VAT

Course Certificate

Upon successful practical assessment and examination, a qualification to City and Guilds 2392-10 Certificate in Fundamental Inspection, Testing and Initial Verification will be issued.

Course Requirements

Candidates are advised to have their own copy of IET Guidance Note 3: Inspection and Testing for reference and revision. However text books can be loaned for the duration of the course.

Suitable instruments are available but delegates are welcome to bring their own if they conform to the requirements of the current 17th Edition.
